## ELGORT

Call dibs on discovering Ansel now because in the next year, he'll be *everywhere!*

**17: You've worked with Shailene Woodley and Chloë Grace Moretz—are they as cool as they seem?**

**AE:** Oh, gosh. Chloë is very sweet. We became really close during *Carrie* because we're similar in age. And Shailene is a super-generous person. She's very idealistic and not a conformist at all.

**17: Carrie gets bullied so badly in the movie! Did you ever deal with that?**

**AE:** I was bullied in middle school and hated it. But instead of focusing on bullies, you should focus on the things you love. You'll find other people who share your interests and they'll become your friends.

**17: Are you a relationship guy or do you like to date around?**

**AE:** I like relationships. I don't play games, like waiting to text. If I like you, I'm going for it!

**17: What else are you into?**

**AE:** I love music and painting! I try to be an artist, not just an actor who does other things on the side. I put 100 percent into *everything*.

**WHERE TO FIND HIM** Check out Ansel in *Carrie* (in theaters October 18). Then catch him in *Divergent*, out next year.
